

Passionate Minds: Emilie Du Chatelet, Voltaire, and the Great Love Affair of the Enlightenment (Paperback)

Filesize: 1.08 MB

Reviews

This book is definitely not effortless to start on looking at but really exciting to see. It really is simplistic but surprises from the 50 % from the pdf. I am just effortlessly can get a delight of looking at a published book.

(Thurman Schamberger)

Random House USA Inc, United States, 2007. Paperback. Book Condition: New. Reprint. 201 x 132 mm. Language: English . Brand New Book. It was 1733 when the poet and philosopher Voltaire met Emilie du Chatelet, a beguiling and married aristocrat who would one day popularize Newton's arcane ideas and pave the way for Einstein's theories. In an era when women were rarely permitted any serious schooling, this twenty-seven-year-old's nimble conversation and unusual brilliance led Voltaire, then in his late thirties, to wonder, Why did you only reach me so late? They fell immediately and passionately in love. Through the prism of their tumultuous fifteen-year relationship we see the crumbling of an ancient social order and the birth of the Enlightenment. Together the two lovers rebuilt a dilapidated and isolated rural chateau at Cirey where they conducted scientific experiments, entertained many of the leading thinkers of the burgeoning scientific revolution, and developed radical ideas about the monarchy, the nature of free will, the subordination of women, and the separation of church and state. But their time together was filled with far more than reading and intellectual conversation. There were frantic gallopings across France, sword fights in front of besieged German fortresses, and a deadly burning of Voltaire's books by the public executioner at the base of the grand stairwell of the Palais de Justice in Paris. The pair survived court intrigues at Versailles, narrow escapes from agents of the king, a covert mission to the idyllic lakeside retreat of Frederick the Great of Prussia, forays to the royal gambling tables (where Emilie put her mathematical acumen to lucrative use), and intense affairs that bent but did not break their bond. Along with its riveting portrait of Voltaire as a vulnerable romantic, **Passionate Minds** at last does justice...
