The Company had its fair share of holdups and I had a belly full in fending off a few attempts. I rode shotgun on the coaches transporting gold, letters and people across the Badlands. They say in those days, when the white settlers came marching across the western US, that they stirred up the dead and spirits of old things. Many reports from military outposts or relatives writing to family back east, wrote of a land filled with strange and unexplained wonders and terrors. Some people entered the Badlands on their own merits, an inhospitable piece of land that stretched on for miles. They went searching for gold or to stake their claim and were never heard from again; others went in and a few came out insane in the mind with the things they had seen. People whispered stories around campfires about the dead rising, blood-drinkers, cannibals and people being shape-shifters roaming the land. There was talk of beasts that were real man-killers. This is why some...
