

When Doctors Kill: Who, Why, and How

By Joshua A. Perper

Copernicus. Paperback. Book Condition: New. Paperback. 253 pages. Dimensions: 9.1in. x 6.1in. x 0.6in. It would come as no surprise that many readers may be shocked and intrigued by the title of our book. Some (especially our medical colleagues) may wonder why it is even worthwhile to raise the issue of killing by doctors. Killing is clearly unethical to the Art and Science of Medicine, which is geared toward easing pain and suffering and to saving lives rather than smothering them. Doctors should be a source of comfort rather than a cause for alarm. Nevertheless, although they often don't want to admit it, doctors are people too. Physicians have the same genetic library of both endearing qualities and character defects as the rest of us but their vocation places them in a position to intimately interject themselves into the lives of other people. In most cases, fortunately, the positive traits are dominant and doctors do more good than harm. While physicists and mathematicians paved the road to the stars and deciphered the mysteries of the atom, they simultaneously unleashed destructive powers that may one day bring about the annihilation of our planet. Concurrently, doctors and allied scientists have delved into...

Reviews

Completely among the best pdf I actually have possibly read through. It is probably the most awesome pdf we have read. You won't really feel monotony at whenever you want of your time (that's what catalogs are for about in the event you ask me).
