General Accounting Office, 2003 OCLC Number: (OCoLC)53708652 Subject: Executive departments -- United States -- Reorganization. Excerpt: . . . We have strengthened our client relations and employed a constructive engagement approach to those we review. The impact on our results has been dramatic. Several of our key performance measures have almost doubled and our client feedback reports satisfaction has also improved. There are six important elements to consider for a successful reorganization - establishing clear goals, taking an integrated approach, developing a comprehensive human capital strategy, selecting appropriate service delivery mechanisms, managing the implementation, and providing effective oversight. Clear goals. The key to any reorganization plan is the creation of specific, identifiable goals. The process to define goals will force decision makers to reach a shared understanding of what really needs to be fixed in government, what the federal role really ought to be, how to balance differing objectives, and what steps need to be taken to create not just short-term advantages but long-term gains. The mission and strategic goals of an organization must become the focus of the transformation, define the culture, and serve as a vehicle to build employee and organizational identity and support. Mission clarity and a clear articulation of priorities are critical, and strategic goals must align with and support the mission and serve as continuing guideposts for decision making. New organizations must have a clear set of principles and priorities that serve as a framework for the organization, create a common culture, and establish organizational and individual expectations. The most recent restructuring, the formation of the Department of Homeland Security (DHS), illuminates this point. There was clear national consensus that a...
