

The World in the Middle Ages: An Historical Geography

Filesize: 9.32 MB

Reviews

The ebook is straightforward in study better to comprehend. It really is simplistic but excitement within the 50 % of the book. I am happy to let you know that here is the very best pdf i have got read during my very own existence and might be he greatest ebook for possibly.

(Dr. Brannon Wolf)

THE WORLD IN THE MIDDLE AGES: AN HISTORICAL GEOGRAPHY

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 250 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. An excerpt from the Princeton Review, Volume 27: THE most familiar fact to everyone at all acquainted with contemporary writings and opinions in relation to the Middle Ages, is, that they run very much into extremes, alternately describing that mysterious period as one of unbroken darkness or unclouded light, perceptibly higher or immeasurably lower, as to some particulars at least of intellectual and moral condition, than the times immediately before and after. The primary cause of this extravagance is no doubt to be sought in the excitement of controversy between Protestants and Papists, both in the age of the Reformation, and at every later period, when that warfare has been renewed or carried on with more than wonted vigour; so that neither party has been able or willing for the time to admit any truth whatever in the statements of the other, lest the yielding of an outpost should involve the capture or surrender of the citadel. The lapse of time, instead of weakening the tendency to these extremes, has served to strengthen them, by changing temporary movements into habits, and by causing violent reaction to intensify the impulses themselves. The extreme of partiality or favor to the medieval church for it is only in this ecclesiastical aspect that we now present the subject may be more particularly represented as arising partly from a self-defensive movement on the part of Rome and her admirers, but also from causes of more recent origin, connected with extensive changes in prevailing modes of thought and standards of comparison. One of these later causes is the powerful propensity, especially among the Germans, to unsettle everything established, and to give the benefit of every...
