Reviews

This book may be worth purchasing. It typically fails to expense excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.

Not illustrated. 1898 Excerpt: .a course as the one recommended before starting out for one s self. In mathematics analytical geometry is high enough for all practical purposes. Above all theoretical training, indeed training of any sort, steadfastness of purpose and originality, well tempered with common sense, are necessary. Nothing makes up for these qualities. I have a blue bedroom which is partly furnished. It is used as a guest chamber and I wish to keep it in blue. The walls are quite a strong blue, in solid color, with the ceiling and border done in water-colors in pale blue, with just a touch of yellow in the border, and an occasional spray of green foliage running over the ceiling and down to the picture molding. The woodwork is pine, shellacked and varnished. The carpet is blue ingrain matching the side walls, with a touch of yellow in it. The furniture consists of a brass bed, and solid mahogany dresser and commode. As I cannot change what is in the room, I would like your suggestion as to what to buy to complete and make a successful room of it. The room is 16 feet 1 inch by 11 feet 4 inches. Please advise me in regard to the furniture, the upholstery, the bed, and a possible new carpet. N. M. o. As a rule we do not advise decorations for ceiling and border done in water-colors unless with some stronger design than the usual sprays and very slight effects....
