THE HEREFORD EARTHQUAKE OF DECEMBER 17, 1896 (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from The Hereford Earthquake of December 17, 1896 In the introductory chapter I have endeavoured to express my obligations to the numerous ladies and gentlemen who by their courtesy have rendered possible the investigation of an important earthquake, and by many a kindly gleam of sympathy have lightened a heavy labour. A work like the present appeals to but few scientific men, and to a still smaller proportion of general readers, and my best thanks are therefore due to the Council of the Royal Society for a generous gift from their Publication Fund, without which the book could not have been printed. To a Committee of the same Society I am also indebted for a grant from the Government Research Fund, from which the expenses of investigating the earthquake were defrayed. It is difficult for me to express adequately my thanks to Professor Lapworth without appearing to use the language of exaggeration. Every geologist will recognise his touch in the final chapter; but I feel also that whatever of pleasure there is in the pursuit of my life, and whatever of value there may be in the fruits of it are largely owing to the bracing influence of his friendship.
