

Biopolitics and the Emergence of Modern Architecture (Paperback)

By Sven-Olov Wallenstein

PRINCETON ARCHITECTURAL PRESS, United States, 2012. Paperback. Book Condition: New. Reprint. 214 x 140 mm. Language: English . Brand New Book. This book introduces Michel Foucault's work on bio politics to an architectural audience. It explores Foucault's conception of bio politics in order to analyse the emergence of modern architectural theory at the end of the 18th century. His views on power are used to understand how architectural concepts and practices come to structure life and how they work to shape the modern individual. A horrifyingly beautiful example of this is the concept of the panopticon: a circular prison designed in 1785 which allows a prison guard or other observe to see all prisoners without the prisoners being able to tell whether they are being watched; in other words, a centralised policing system. The concept of biopolitics is increasingly important in cultural/literary studies as taken up by other thinkers such as Antonio Negri and Michael Hardt in their best selling books Empire and Multitudes. This book is also being published on the heels of the release of the first English translation of Foucault's The Birth of Biopolitics (release date June 10, 2008, Palgrave Macmillan), based on Foucault...
